

Table of Contents

Chapter 1- Purpose and Need

Introduction	1-1
Background	1-1
Description of the Area	1-2
Proposed Action	1-2
Purpose and Need for this Action	1-5
Relationship to the Forest Plan	1-5
Desired Future Conditions	1-6
Decision Framework	1-7
Scoping and Public Involvement	1-7
Issues	1-8
Cumulative Effects Issues	1-9
Topics Not Specifically Analyzed in this EA	1-10

Chapter 2- Alternatives

Introduction	2-1
Alternative Development Process	2-1
Alternatives Considered in Detail	2-1
Monitoring	2-4
Alternatives Considered but Eliminated from Detail Study	2-4
Comparison of Alternatives	2-6

Chapter 3- Existing Environment and Potential Effects

Introduction	3-1
Water Quality	3-1
Public Access and Safety	3-7
Noxious Weeds	3-10
Fisheries	3-13
Wildlife.....	3-18

List of Maps

Vicinity Map	1-2
Project Area Map	1-3
	and 1-4

List of Tables

Table 1.1	Management Requirements.....	1-6
Table 1.2	Past, Present, and Reasonably Foreseeable Actions Analyzed	1-10
Table 2.1	Environmental Effects of Alternatives	2-6
Table 3.1	Indian Creek Percent Fine Sediment.....	3-2
Table 3.2	Estimated Population and habitat Trends on the Salmon-Challis National Forest for selected MIS.....	3-14
Table 3.3	Summary 1994 R1/R4 Stream Habitat Inventory Data for 3.3 miles of Indian Creek	3-15

List of Figures

Figure 2.1 Engineering Road Design.....	2-3
